## RACKS & BOXES

## Welcome

High quality, user friendliness, efficiency, capacity at the best possible economy, are vital objectives for Nordic Lab's business philosophy and for development of our product programs. In this respect, an excellent storage system is developed and available for all freezers.

This includes racks and boxes that insure an optimal handling and market high capacity regarding the number of samples to be stored. Our racks are also produced in Denmark, by our sister company TENAK. TENAK is specialized in freezer storage solutions for use in all freezers on the global market.

Please find specifications on our storage solutions in the following sections.

# Upright Racks

Storage capacity				
Box height	No. of boxes	No. of racks	Total no. of boxes	Racks without B&D* Product no.
